

PUT HEADS IN YOUR BEDS

There are always companies and organizations in need of remote accommodations, and remote accommodations with available beds. Until now, connecting those two markets took a lot of valuable time, effort, and resources on both sides of the problem.

The solution? LodgeLink™ fills your empty beds without having to build or manage complex relationships and contracts, and it boosts revenue with no additional sales overhead.

LODGELINK™ HELPS YOU REDUCE COSTS, INCREASE REVENUE, AND LEVERAGE YOUR REMOTE ACCOMMODATIONS ASSETS

REDUCE COSTS-PER-BED. Minimize infrastructure and management costs-per-bed by maximizing utilization, or what we like to say, put heads in your beds.

DE-RISK PROJECTS. LodgeLink provides a solution to unexpected bumps in the road, linking companies and agencies in need of remote accommodations with providers who have under-utilized facilities, no matter the reason.

BUILD FOR FUTURE CAPACITY. Know your upcoming project will need additional beds in two years? LodgeLink lets you build remote accommodations with your future needs in mind, knowing the investment won't sit idle or under-utilized.

MINIMAL RESOURCES REQUIRED. Fill your available rooms without the need for a dedicated team to build or manage complex relationships and contracts. On-site staff simply update room availabilities and rates through LodgeLink's easy-to-use online dashboard.

INCREASE MARGINS FOR A MARGIN OF THE COST. Boost revenue with no additional sales overhead. LodgeLink connects companies and organizations looking for remote accommodations with your open inventory without eating into your profit margins.

REMOVE THE COMPETITOR DISADVANTAGE. Using LodgeLink as a neutral, trusted resource allows you to leverage available rooms with other owners and operators of remote accommodations, and everybody wins.
